

Saswatika Sahu - Resume

Personal Details

Name: Saswatika Sahu

Email: saswatikasahu2000@gmail.com

Location: Odisha, India

Education: MCA from ABA College, Odisha

Skills

- Python
- LangChain

Projects

AI Agent-Based Research System

- Built a dual-agent system using LangChain in Python to automate research tasks.
- The Research Agent was responsible for interpreting a query and retrieving relevant data using LangChain tools.
- The Answer Agent processed the research output and generated a concise, human-like response.
- Implemented prompt templates, memory, and agent chaining using LangChain components.
- Focused on improving response accuracy, task delegation between agents, and natural language output.
